Reed's Extra Ginger Brew Also Comes in Champagne-Style Bottles

If you're anything like me, sometimes you want to drink something festive without getting trashed. Reed's Extra seems to be a popular choice in the neighborhood and elsewhere, but I only just learned Rainbow stocks huge

foil-wrapped bottles of the stuff! Extra festive! And it sure kicks the ass of Martinelli's Apple Cider, right?

I administered a randomized taste test between Reed's Original, Premium, and Extra. The results were unanimous among my 4 subjects: Extra > Original > Premium.

Premium has some kind of organic Canadian clover honey. Which fails utterly. Once again, blame Canada.
