Reed's Extra Ginger Brew a Lucky Find

March 17, 2014 // 0

Happy St. Patrick's Day!

If you want to offer your party guests a unique and refreshing cocktail to celebrate March 17 or want to order something special at your favorite neighborhood pub tonight, check out Reed's Extra Ginger Brew (www.reedsinc.com). This all natural concoction is a versatile cocktail mixer and is brewed using an authentic Jamaican recipe containing just the right blend of fresh ginger root, honey, lime and lemon juices, cane sugar, herbs, spices and pineapple. Mix it with vodka and lime juice to create a Moscow Mule, traditionally served in a copper mug, or for a bracing beverage featuring rum, blend Reed's Extra Ginger Brew with dark rum, a squeeze of fresh lime and garnished with a lime wedge for a Dark and Stormy.
